

FOR THE FIRST TIME EVER

X & X2 SEMEN IS ON THE MARKET!

ORDER TODAY!
773-255-4684

In the past, X and X2 semen has only been sold in packages or for sale at auction. There have been less than 500 units on these bulls being used in the first two breeding seasons. They have already sired many high sellers and champions including one of the most prestigious titles as the 2013 Supreme Female at NAILE. With today's demand for a sire with the ability to produce **TRUE BREEDING FEMALES WITH MATERNAL TRAITS**, these bulls are the answer.
